Coon Rapids Police Department 11155 Robinson Dr NW

The Coon Rapids Police Department is partnering with the US Drug Enforcement Administration in a national drug take back initiative by offering an opportunity for the public to turn in and safely dispose of any expired, unwanted or unused prescriptions and other medications.

- · All drop offs are anonymous
- Participants may empty prescription bottles into the collection box and keep the prescription bottle to
 protect privacy
- · Liquid products, such as cough syrup, should remain in the sealed, original container
- No syringes or sharps will be accepted

A police officer will be present. At the conclusion, the collection box(es) will be sealed and will be turned over to the US Drug Enforcement Administration for safe disposal. For more information: http://www.deadiversion.usdoj.gov/drug disposal/takeback/index.html
